Dahlias

1935

THE ELEVENTH YEAR

BENNETT K. MATLACK

COTTAGE AVE. AND OXFORD ST.

BRIDGETON, N. J.

PHONE 970

GREETINGS:

I hope you all had a successful Dahlia season in 1934, and may your season of 1935 be even better. Here in Bridgeton we had plenty of rain and no heavy wind, so our season was very good. My 25,000 hills grew splendidly, and my root harvest was the best ever.

This year the new Dahlias are all listed at the beginning of the catalogue. I want to call your attention, especially, to Cape May. You can't help liking it. Mr. Joseph Nuneviller of the American Dahlia Farms is the originator. He has also given us Good Will, American Legion, American Triumph, and E. L. Quadling.

Don't forget, all Dahlias listed are grown by me, and when my stock is exhausted no others will be purchased to fill orders.

All my Dahlias are grown without forcing. This means more to the purchaser than most people realize.

You will find many of the new 1934 and 1935 Dahlias listed in this catalogue, but the beginner should not forget that the older listed Dahlias are the best of the very many Dahlias placed on the market in former years. The others have not been worth saving. High price does not necessarily mean the best.

Send to me the names of your Dahlia friends, and for each order I receive from them I will allow you to select a generous amount from my catalogue. Several of my customers are to make such selections this year.

Visitors always welcome. Be sure to come during September and October to see the flowers in bloom.

All stock guaranteed true to name and all roots to grow. Stock proving otherwise will be gladly replaced. I do not substitute.

Postage paid on all orders of One Dollar or over.

Cash with order.

Roots shipped after April 1st unless otherwise ordered.

Plants shipped after May 15th. Twenty-five cents extra for Special Delivery on Plants is good insurance.

No Dahlia Plants shipped outside the Japanese Beetle Zone after June 15th.

Introducing

CAPE MAY—This wonderful new Dahlia is an origination of the American Dahlia Farms. It is an incurved cactus of beautiful violet rose with a most artistic white center. One grew eleven inches here with us. It is truly magnificent. Cape May won over all comers in the cactus class at the Bryn Mawr Show, 1934. The bush grows 6 feet, and the stems are perfect. The foliage is insect proof. A good root maker. Has been highly praised whenever seen.

Plants, \$5.00 Net

Cape May can also be purchased from the originator, The American Dahlia Farms, Cape May Court House, N. J.
